

Information Sheet 7 Equal Opportunities

The Association is committed to promoting an environment of respect and understanding, encouraging diversity and eliminating discrimination by providing equality of opportunity for all. There will be a consistent approach in promoting equality and diversity across all areas within the Association.

We aim to ensure integration of equality and diversity practices into everything the Association does.

The right to be treated equally with dignity and respect extends to customers, outside contractors, committee members and other agencies whilst at work. Our staff are here to help and will do this in a friendly and courteous manner.

Anyone who feels they have been discriminated against by the Association can complain and the complaint will be investigated by the Association and appropriate action taken.

Equally, our staff will not be expected to accept aggressive or abusive treatment from customers and any unacceptable behaviour will be taken very seriously and may be reported to the police.
